

# Data Enthusiast WANTED

Billigence is an Australian BI consulting company with offices in Prague and London that has a **passion for innovative and agile BI solutions**.

We are extending our team at Billigence and are currently looking for **Data Enthusiast** who will help us change how our clients work with and use their data.

## WHAT YOU WILL DO?

- **Work with tools like Keboola or Alteryx to combine company internal data with external ones.**
- **Build sexy visualizations in Tableau or predictive models in Alteryx or R.**
- **Implement Semanta to govern clients data and BI environment.**
- **Travel to our clients across Europe.**

Our enthusiastic professionals are open and **willing to help younger colleagues to gather experience and grow into industry experts.**

You will enjoy friendly atmosphere in our **startup environment without rigid processes and rules.**

We are happy to give a go to **new innovative ideas, independence, proactivity, flexibility and humor.**

We are **problem solvers, we love to think innovative and unexpected solutions to problem as a team of good friends, helping each other.**

## ARE YOU:

- **Innovative, proactive and enjoy interaction with people?**
- Do you **like challenges and solving problems?**
- Have you **got a sense of humor?**
- Are you active also in your leisure time? Do **you like sports?**

If your answers are YES, then it is you, we are looking for!
